

Looking ahead to 2016

Urban Water Management Plans, Water Loss
Auditing and Landscape Ordinances

California Water Association Annual Association
November 11, 2015
Monterey, California

Peter Brostrom
Water Use Efficiency Program Manager
California Department of Water Resources

2015 UWMPs New Elements

- Revised DMM Reporting
- Electronic Data Reporting
- Water Loss Reporting
- Compliance Year Adjustment
- Voluntary Methodologies:
 - Estimating Future Water Demands
 - Water/Energy Reporting

Revised Demand Management Measures

AB 2067 (2014) reduced DMM reporting from 14 measures to 7:

1. Water Waste Ordinances
2. Metering
3. Conservation Pricing
4. Public Education and Outreach
5. Water Loss Programs
6. Conservation Coordinators
7. Other Significant Impact

Electronic Data Reporting

SB 1420(2014)- Required urban water suppliers to submit UWMP data electronically using standardized tables

- 2015 Guidebook includes standardized tables
- New on line reporting tool

Water Loss Reporting

SB 1420 (2014) requires water suppliers to report to report on distribution system water loss.

- Water Loss Audit Manual (Appendix L)
- Water Loss Collaborative- Cal Nev AWWA, CUWCC, US EPA, DWR

20x2020 Compliance Year Adjustments

SB X7-7 allows water suppliers to adjust compliance year water use due to:

- Weather differences
- Economic growth
- Extraordinary event

DWR has developed a methodology and weather normalization tools to complete these adjustments

Voluntary Methodologies

- SB 1420(2014) methodology on estimating future demands accounting for water savings from codes and standards
- SB 1036(2014) methodology on calculating water supply energy intensity

UWMP Workshops

DWR holding 10 workshops across the state in November and December

Schedule is on line here:

http://www.water.ca.gov/urbanwatermanagement/docs/2015/Workshop_Flyer.pdf

Annual Water Loss Reporting

- SB 555(2015) requires water suppliers to submit validated water loss audits annually starting in October 2017.
- DWR to develop guidelines for validation and reporting by January 2017.

Revised Landscape Ordinance

- Governor's April 1st Drought Executive Order directed DWR to revise the state's landscape ordinance
- Revised ordinance approved by CA Water Commission on July 15
- Local land use agencies have to take action by December 1st or February 1st for regional ordinances
- Reduced the water budget for new residential landscape by 20% and 35% for commercial landscapes

Turf and Toilet Rebates

- Funds still available as of Nov 1:
 - \$15.8M for turf
 - \$4.3M for toilets
